ZONING MAP

The attached map of the Capital City of Montpelier, Vermont, clearly depicts the extensive properties owned and controlled by Mr. Goldman. These holdings include critical developable land, underscoring the essential role of Mr. Goldman's participation in the City's once-every-eight-years planning process. Without his direct involvement, Montpelier—already facing a severe housing crisis exacerbated by the catastrophic July 2024 flooding—risks further deepening its acute shortage of housing.

Mr. Goldman's developable lands as a whole of Montpelier
Consist of the following:

NOTE:

1-1 is the Capital Complex

(Capitol Building, Supreme Court, Congress, Governors Offices etc.)

11-2 and 11-8 are known as Crestview: 200 plus acres Zoned the Res 9000 District where most of the mixed development will happen

13-6 = Crestview also has 110 acres that goes into the neighboring community of Middlesex

7-5 = Redstone Mansion: 10.5 acres Zoned the MUR District is the park entrance, living quarters, learning facility and parking area.

4-3 = Sabin's Pasture. Zoned the Riverfront Development District is 15 acres where 300 plus units and mixed growth will be developed.

13-8 = Sabin's Pasture: Zoned the Rural District is 85 acres where High End housing will be built.
